### Pilbara Iron Ore Project (PIOP)

During the quarter ending 30 June 2020, Flinders Mines Limited (**Flinders** or the **Company**) progressed towards satisfying the remaining conditions for completion of its farm-in incorporated joint venture with BBI Group Pty Ltd (**BBIG**) in relation to the Company's flagship Pilbara Iron Ore Project (**PIOP**), as approved by Flinders Shareholders on 3 March 2020.

As announced on 9 June 2020, the Company received formal notification from the Foreign Investment Review Board (**FIRB**) that the Australian Government had no objection under the Foreign Acquisitions and Takeovers Act 1975 (*Cth*) to the proposed transfer of the PIOP assets to PIOP MineCo NL (**PIOP MineCo**). The material remaining outstanding condition of the farm-in incorporated joint venture is for BBIG to obtain FIRB approval.

In parallel to the work being undertaken by both Flinders and BBIG on completing the remaining condition, with Flinders' consent, BBIG has visited site and commenced planning on work programs for the PIOP assets.

### Financial

As at 30 June 2020, the Company had \$4.1 million in cash.

On 28 April 2020, the Company completed a pro-rata non-renounceable entitlement offer (**Entitlement Offer** or **Offer**) at \$0.025 (2.5 cents) per share, raising approximately \$8.697 million (before costs).

On 25 June 2020, the Company completed a second pro-rata non-renounceable Entitlement Offer at \$0.013 (1.3 cents) per share, raising approximately \$5.045 million (before costs).

In accordance with the disclosure in the respective Entitlement Offer Booklets, funds raised under the Entitlement Offers were used to repay the \$7 million unsecured loan (including accrued interest) from PIO, a subsidiary of Flinders' major shareholder, TIO (NZ) Limited (**TIO**), costs of the Offers and will provide working capital.

Expenditure during the quarter was focused on progressing completion of the BBIG Transaction and undertaking the Entitlement Offers and no substantive mining exploration activities were undertaken.

The Company notes that during the quarter, a total of \$175,000 was paid to related parties, including Directors and their associates. Of this, \$59,500 in Non-executive Director fees was paid to TIO for Director services provided by Messrs Michael Wolley and Evan Davies and \$9,000 in tenement advisory services was paid to BBIG, a related party of the Company's major shareholder.

### Canegrass Project

During the quarter, laboratory metallurgical test work was conducted on RC chip samples from the Canegrass vanadiferous titaniferous magnetite (VTM) mineral resource to commence the assessment of the ore characteristics. The preliminary results on the small number of samples were encouraging, showing the upgrading of certain minerals. However, further testwork is required and being planned to determine whether the encouraging results were a common feature within Canegrass, or whether anomalous to the small samples selected for the testwork.

## **Corporate Activities**

Following a review of the Company's executive requirements as it moves into the next phase of development of the PIOP, on 17 June 2020, the Company appointed Dr Andrew Whitehead as General Manager. Dr Whitehead has more than 20 years' experience across mining, resources, banking, finance, manufacturing, advisory and government and in multiple jurisdictions, including China.

On 23 June 2020, former Chief Executive Officer Mr David McAdam ceased his role with the Company, following a transition to Dr Whitehead. The Board wishes to acknowledge Mr McAdam's contribution to Flinders over an extended period of time and securing the transaction with BBIG that potentially enables PIOP's iron ore resources to come to market using BBIG infrastructure.
